## OUR 3-STEP VALUATION PROCESS

### Step 1: Analysis

We will complete a realistic market analysis using your pharmacy specifics and the competitive landscape.

### Step 2: Break Down

We will assist in optimizing the valuation of your pharmacy by including the specific details of your business. You'll get a thorough explanation of the valuation and the factors that affect the value of your pharmacy.

### Step 3: Projection

We will review events and variables that could significantly increase or decrease the value of your business in a short period. You can have confidence in the value we place on your pharmacy as we would rather exceed your expectations than disappoint.

## FAQS

### How do I prepare to sell my pharmacy?

Partnering with us helps you understand the factors that affect your pharmacy's value, which is an essential first step. We will provide guidance on standardizing your business financials.

### How long does the selling process take?

It varies, but typically two to four months. We have closed as quickly as four weeks, while more complex sales have taken over six months.

### Is there a fee?

Our fee is based on the purchase price of your pharmacy. If we don't help you sell your pharmacy; there is no fee.
